Ref: 6922794743762

Ethernet RJ45 Flat Network Cable Vention IKCBG, Cat.8, U/FTP, 1m (Black)

Ethernet RJ45 Flat Network Cable Vention IKCBG, Cat.8, U/FTP, 1m (Black)

Enjoy a fast and stable connection to the Internet. The Vention network cable supports high-speed data transfer at up to 40 Gbps and provides a frequency of 2000 MHz. This makes it great for using a browser, playing games or watching movies - forget about delays and endless buffering! Such excellent performance makes the product suitable for use in any home, office or even school or hotel.

Thoughtful design

The cable is distinguished by its flat design, which makes it much easier to install - you can easily run it in the corners of rooms, behind desks and even under doors. Copper wires and high-quality connectors are responsible for its reliable performance and high resistance to interference. In addition, the TPE plastic sheath protects the product from breakage or abrasion, and its most vulnerable parts have been additionally reinforced.

Brand

Vention
