

LDNIO LS532, USB - Lightning 2m Cable (Grey-Orange)

Ref: 5905316143661

LDNIO LS532, USB - Lightning 2m Cable (Grey-Orange)

USB - Lightning cable LDNIO LS532, 2m (gray-orange).

Now renew the power in your iPhone in no time! The LDNIO LS532 USB to Lightning cable allows you to quickly charge your devices thanks to its 2.4A power. It is compatible with a range of Apple-branded equipment. High-quality materials were used in its construction, which are characterized by above-average durability and resistance.

Fast and safe charging

The cable supports fast charging with an intensity of 2.4A, so it won't take you long to charge your Apple devices. You don't have to worry about their safety either. The smart chip automatically adjusts the charging parameters to the connected device - so you can be sure that it is completely safe.

Durable design

The cable will serve you well for a long time! It has been made of durable braided cable, which is distinguished by its extraordinary resistance to wear and tear. It has also passed a number of tests for durability, so you can use it without worrying about damaging it.
