

LDNIO LS532 USB - Micro USB 2m Cable (Grey-Orange)

LDNIO LS532 USB - Micro USB 2m Cable (Grey-Orange)

USB - Micro USB cable LDNIO LS532 2m (grey-orange)

Now renew the energy in your phone in the blink of an eye! The LDNIO LS532 USB to micro USB cable allows you to quickly charge your devices thanks to its 2.4A intensity. It is compatible with a range of popular devices, including smartphones, wireless headphones and tablets. High-quality materials have been used in its manufacture, which are characterised by above-average strength and resistance.

Fast and safe charging

The cable supports fast charging with an intensity of 2.4A, so charging your devices will not take long. You don't have to worry about their safety either. The intelligent chip automatically adjusts the charging parameters to the connected device - so you can be sure that it is completely safe.

Robust design

The cable will serve you well for a long time! It has been made from a robust braided cable, which is distinguished by its extraordinary resistance to wear and tear. It has also undergone a number of durability tests, so you can use it without worrying about damaging it.
