LDNIO LS602 USB - Micro USB 2m, 30W Cable (Orange)

LDNIO LS602 USB - Micro USB cable, 2m, 30W (orange)

Get the ability to charge your devices even faster. The LDNIO LS602 USB-A to micro USB cable stands out with up to 30W of power, making it extremely efficient. It also allows you to transfer files at speeds of up to 480 Mbps and is extremely durable - it will serve you perfectly for a long time!

Fast charging

About to leave the house and just realized you forgot to plug your phone in to charge? With LDNIO this is no longer a problem - the LS602 cable provides power reaching up to 30W, which means it can instantly renew the energy of your chosen devices. Forget about the long wait and save time!

Impressive durability

Durable and environmentally friendly materials such as TPE were used to make the cable. This makes the product resistant to damage, bending and wear. What's more, its connectors are extremely low susceptible to oxidation. The LS602 is also much thicker than standard cables, which translates into greater durability.

Transfer files in no time

Do you often transfer photos or videos between devices? The LS602 cable will help you speed up the process! With its help you can copy files at speeds of up to 480 Mbps. This means you don't need a lot of time to get the images or documents you need at their destination.
