Car charger Joyroom JR-CL25, 2x USB + Lightning cable (black)

Joyroom JR-CL25 car charger, 2x USB + Lightning cable (black)

The Joyroom JR-CL25 car charger is an essential accessory for any driver! It features 2 USB-A ports and a Lightning cable, so both you and your passenger can charge your smartphone at the same time without hassle. It features wide compatibility and is suitable for most vehicles that have a cigarette lighter socket. It stably stays in the socket and provides comprehensive protection against damage.

#### Fast charging

Have the peace of mind that your phone will not discharge during a car journey lasting many hours. The device offers up to 17W charging, while the USB cable allows 3A charging. This means that restoring power to your smartphone will only take a few moments. In addition, the charger has up to 2 USB-A ports and a Lightning cable - so you can charge 3 devices at the same time.

#### One charger for multiple devices

Compatibility problems are a thing of the past. The Joyroom JR-CL25 charger is compatible with a range of devices. You can use it to successfully charge your iPhone 12/13/14, Samsung S22 or LG. You can also use it to recharge your Nintendo Switch console, smartwatch or wireless headphones.

#### Built-in cable

You can forget about eternally tangled cables! The car charger has a built-in Lightning cable. Thanks to its spiral design, you can easily keep it tidy in the car. In addition, the cable can extend up to 1.5 m. From now on, you will always have the cable at hand.

#### With attention to detail

Now you can easily find the charging port even in the dark! The device is equipped with coloured backlighting, making it easy to connect your devices to the charger. You don't have to worry about the safety of your devices either. The charger has up to 6 levels of protection, which effectively protect against overload, overheating, overvoltage or short circuits.
