Car charger Joyroom CCN01, 1x USB QC3.0, 1x USB-C PD 60W (black)

Joyroom CCN01 car charger, 1x USB QC3.0, 1x USB-C PD 60W (black).

Do you often drive in the car and need a reliable charger to quickly charge your gear? Joyroom CCN01 car charger is for you! With it, your equipment will get its battery back in no time and will always be ready to work.

Comfort of use

Joyroom CCN01 car charger is designed to make you comfortable. It is equipped with two PD and QC inputs, which have the ability to support both tablets and phones equally. In addition, thanks to its small size, it won't take up much space and will blend in with the interior of your car.

Fast charging

The total power of the Joyroom charger is 60 W. Moreover, each of its USB ports is equipped with fast charging technology so that your devices regain energy in the blink of an eye. With Joyroom, your phone can charge its battery up to 60% in just 30 minutes! Moreover, you can easily find the charger after dark because it has a backlight. (Note: The charger is incompatible with the entire iPhone 15 series)

Excellent quality

Joyroom equipment is distinguished by its excellent quality. It was created from durable PC material, which guarantees its strength and reliability. In addition, it is also flame resistant, making it safe to use the CCN01 charger. It will be your indispensable traveling companion from today!
