Ref: 6941237131157

Joyroom JR-A28 ultra-thin magnetic induction charger, 15W (white)

Joyroom JR-A28 magnetic inductive charger, ultra-slim, 15W (white)

Enjoy fast and convenient wireless charging of your smartphone. The Joyroom JR-A28 inductive charger is distinguished by its ultra-thin design and provides up to 15W of power. It also guarantees safe use and is highly durable. The product is compatible with all iPhones from the 12 series and also includes a 1m charging cable.

Fast charging

Don't wait too long until your phone is ready to use again. The charger supports the PD fast charging standard and provides up to 15W of power. It also stands out for its reliable, stable operation. You don't have to take your smartphone out of its case to charge it either - the JR-A28 works perfectly even with thick cases.

High-quality magnets

The charger is equipped with top-quality magnets that provide a very strong pulling force. As a result, it guarantees your smartphone the necessary stability - no worries about your device slipping or falling off. So you can use your phone comfortably while charging and, for example, watch TV series or play games! In addition, the charger does not interfere with Wi-Fi or 5G signals - it will not affect the quality of your internet connection.

Safe to use

The JR-A28 not only enables fast, but also safe charging. It has received multi-level protection against overvoltage, overcurrent and over-discharge, among other things. What's more, the device will not get too hot. Thanks to the solutions used, you also do not have to worry about damaging your smartphone's battery - with Joyroom you will keep it in good shape.

Even more convenience

Now you can use your phone even more conveniently while charging. The charger is extremely thin - just 6 mm thick. It won't get in the way of your smartphone! And it's light and compact enough to fit easily into your handbag or backpack. Take it with you wherever you need to go! Durable, flame-retardant PC and ABS plastics are used to make the charger.
