

## Joyroom JR-ZS248 Electric Car Dashboard Holder with Qi Induc

Ref: 6941237131959

Joyroom JR-ZS248 Electric Car Dashboard Holder with Qi Inductive Charger (Black)

Joyroom JR-ZS248 automatic car dashboard mount with Qi inductive charger (black)

Are you looking for a sturdy holder that will allow you to renew the power of your device? The Joyroom JR-ZS248 automatic car holder with Qi inductive charger is sure to meet your expectations. The product is compatible with smartphones from 4.5" to 6.7" and enables wireless charging with up to 15 watts of power. You can conveniently adjust your phone's 360° positioning and freely use navigation while driving. What's more, its installation on the dashboard won't cause you any trouble.

### Wireless charging

The Joyroom car mount supports wireless charging with up to 15 watts of power, so you don't have to worry about your smartphone discharging at the least opportune moment during your car trip. As a result, you can use navigation and renew your device's power at the same time. If your phone's case is plastic and its thickness does not exceed 5 mm, you do not need to remove it before charging.

### Wide compatibility

Wondering if your smartphone will be compatible with the Joyroom mount? The product will work perfectly with phones whose diagonal ranges from 4.5" to 6.7". What's more, thanks to special technology, the charger automatically adjusts the power to Apple devices and Android-based smartphones. The product is Qi certified, and its installation on the dashboard is extremely easy.

### Stability and adjustability

You can rest assured that the Joyroom holder will hold your device stably, even during sudden braking. The product's arms automatically snap into place as soon as you bring your phone close. Thanks to its well-thought-out design, the holder holds firmly on the dashboard. What's more, it is 360° adjustable - so you can easily adjust the positioning of your device to suit your needs, and efficiently remove your smartphone in case of an emergency.
