Joyroom JR-ZS285 (black) car dashboard mount

Are you looking for a universal car mount? The Joyroom JR-ZS285 stands out for its high compatibility, and thanks to its adjustable arms you can place a 4.5-6.5-inch phone. You will mount the product anywhere on the cockpit with the help of a sturdy suction cup, and position the phone as you are comfortable! The movable arm allows you to change the height and angle, and the rotating head allows you to position your phone horizontally or vertically.

## Hassle-free mounting

You don't need any additional tools to mount the mount on your dashboard. The sturdy suction cup allows you to place it anywhere, and thanks to the clever design, the mount stays where it's attached. Off-road driving, speed bumps, or sudden braking - Joyroom JR-ZS285 offers the required stability in all conditions!

## Set in any position

The product has a movable arm and a rotating head, which will allow you to adjust the mount to your needs. Adjust the arm to the desired height and use the head to position your phone vertically or horizontally. Don't limit yourself and use the navigation as you are comfortable!

Joyroom JR-ZS285 works with most phones! Adjustable arms will provide stability for devices with a screen size of 4.5-6.7 inches - a special locking mechanism will allow you to maintain the required arm spacing. What's more, the lower arm is designed to easily connect your smartphone to the charger. You no longer have to give up navigation for charging!
