

Joyroom JR-ZS311 magnetic air vent car holder (grey)

Ref: 6956116759858

Joyroom JR-ZS311 magnetic air vent car holder (grey)

Joyroom JR-ZS311 magnetic car mount for grille (gray)

Looking for a reliable car mount? You've come to the right place! The Joyroom JR-ZS311 Magnetic Car Grille Holder will easily mount on the air vents of your car, and a number of clever features will provide the required stability for your phone. Extremely strong magnets are capable of holding even a tablet! What's more, the rotating head allows you to put your device in the right position to give you full comfort while driving.

Childishly easy installation

The product is equipped with a precision clip that allows you to mount the holder on the air vents. The double fastener ensures that the device stays in place throughout use. The clasp is surprisingly small, yet it is capable of holding quite a lot of weight. Its installation will not cause you the slightest problem.

Powerful magnet power

Connect your phone to the mount and enjoy incredible stability. It is provided by highly effective neodymium magnets, which, properly arranged, are capable of supporting the weight of your iPad. What's more, the magnetic base is small enough that it won't obstruct the view and disturb the driver while driving.

Set it up just the way you like it

The Joyroom JR-ZS311 magnetic mount is designed to maximize your comfort. The head on which the magnetic base is mounted allows 360° rotation, so you can position your phone as you are comfortable. Horizontal or vertical position? The choice is yours!

Excellent quality and wide compatibility

The product is made of high-quality materials, so you can enjoy its durability for a long time! You can use it with a wide range of devices, even those without the Mag Safe function - it comes with special plates that you can mount directly on your phone or case and enjoy the reliable performance of the JR-ZS311!
