Ref: 6920674300005

Nicefeel FC1596 water flosser (white)

Now you can take even better care of your oral hygiene. The Nicefeel FC1598 cordless water flosser provides a pressure level of 10-110psi and offers 6 modes to choose from. It is equipped with a 300ml water tank and is very easy to clean. It also stands out for its long run time and portable design - perfect for travelling too. Its operation is made easy by the built-in display.

Even more thorough cleaning

With this water flosser, you can thoroughly clean even those areas of the mouth that cannot be reached by a normal toothbrush. The FC1596 offers a water flow rate of approximately 220ml/min and a pressure of 10-110psi. This enables it to effectively eliminate food debris, tartar and other impurities. Take care of your teeth and dazzle with a beautiful smile!

6 operation modes to choose from

Adapt the water flosser to your needs. The device allows you to choose from 6 cleaning modes, so it can meet even the most diverse user expectations. There are 4 pressure levels and a special Pulse mode to give you a gentle gum massage. There is also a DIY mode, which will allow you to manually set the parameters of your choice.

Improved design

Going on holiday? Or maybe you are going on a business trip? Take your water flosser with you! The device weighs only about 228g, which means it will easily fit in your suitcase or backpack. The product also stands out with its IPX7 water resistance - you can use it in the bathroom without any worries. What's more, the irrigator's water reservoir has a capacity of 300ml - should the need arise, you can easily disassemble and clean it.

Long running time

Forget about having to frequently recharge your irrigator. The FC1596 has a powerful 1,400mAh battery - fully charged, it will last you up to a week (assuming you use it twice a day). Information about the current charge level of the device will provide you with the built-in display. To renew your water flosser's energy, use the included USB cable.
