Bicycle Bag Rockbros C16-BK 1L

Ref: 5905316145351

Rockbros bike bag C16-BK 1L

Do you like to ride your bike? Do you often take part in bike tours? Get the opportunity to conveniently store the items you need! The Rockbros C16-BK under-seat bike bag is made of durable, damage-resistant materials and offers several pockets where you can store your small items. It is also distinguished by reflective elements. The accessory is also very easy to fit.

Tailored to your needs

Going on a bike trip? Take everything you need with you! The Rockbros C16-BK bag, for example, allows you to transport your smartphone, wallet and wheel repair tool kit without any problems. It is equipped with several pockets and compartments so that you can easily stay organised. It is also very easy to fit - you can easily attach it under the saddle.

Durable construction

The bag is constructed using the highest quality composite materials, making it very durable. A watertight zip is an added bonus. What's more, the thoughtful design makes the product more shock-resistant. All this has made it possible to significantly reduce the risk of damage to the items placed inside.

Take care of your safety

The C16-BK bag will not only make it easier for you to store your chosen items, but it will also allow you to take care of your safety on the road. It is equipped with reflective elements to make you more visible after dark. It also offers a special holder to which you can attach a small bicycle lamp. Has your trip gone a bit long and night has fallen? With Rockbros you will feel safe!
