Rockbros S247-1 cycling gloves (black)

The Rockbros S247-1 cycling gloves will make you more comfortable while riding. They are made of breathable, wear-resistant materials and feature an anti-slip surface. They also have several ventilation holes, wrist support and reflectors to increase your safety on the road. They also allow you to use your smartphone comfortably. An ideal choice for any cyclist!

Dreamlike comfort

The highest quality materials have been used to make the gloves, so you can enjoy comfortable wear. The S247-1 also have a Velcro fastening for a more customised fit. They are also distinguished by ventilation holes and optimum breathability - this means that your hands will not sweat. Furthermore, thanks to the use of special conductive fibres, the gloves allow you to operate touchscreens comfortably using your thumb and index finger.

Made for driving

Non-slip, shock-absorbing elements, wrist support, durable, stretchable materials and a perfect fit all ensure that Rockbros gloves can meet the expectations of even the most demanding cyclists and provide them with a comfortable ride. The S247-1 are also equipped with reflectors to increase your visibility on the road and keep you safe.
