Cycling Face mask Rockbros LF7162-1 (black)

Ref: 5905316145788

Rockbros face mask, for bike LF7162-1 (black)

Are you a fan of outdoor sports? However, do you need extra protection for your face? The Rockbros mask will be the perfect solution. You can wear it the way you like it best. Moreover, it will also provide additional protection against UV radiation.

Excellent quality

A face mask can accompany you during many outdoor sports such as running, cycling or mountain hiking, but not only! It is perfect for nights spent fishing or long motorbike journeys. Moreover, you can wear it as you like - as a scarf, a balaclava or a face mask. You also don't have to worry about its fit to your face, as it is stretchable on all sides.

Extra protection

The Rockbros face mask will provide excellent protection. It is made of a breathable material with high elasticity. The fabric absorbs perspiration, so you no longer have to worry about eye irritation during strenuous exercise. In addition, the mask will also protect you from UV radiation. You can feel safe in it after dark, as there is a reflective logo on the side.
