From now on, you can make healthy ice cream, frozen yogurt, or delicious sorbet in no time. The Cocinare ice cream maker features a cordless and compact design, so you can enjoy your favorite dessert both at home and away. The cooling system ensures that the perfect temperature is maintained. One charge is enough to use the machine 10 to 15 times.

Delicious dessert in 3 steps

Experience the ease with which you can make ice cream, frozen yogurt or sorbet. All you have to do is freeze the cooling cup, then drop the ingredients of your choice into it and press the appropriate button. Let yourself experiment and create ice cream with unique flavor - combine coffee, chocolate, rum, fresh fruit and any other ingredients you like.

Portable design

Compared to other ice cream makers, the Cocinare stands out for its lightweight and compact design. It works wirelessly - so you can conveniently use it both indoors and outdoors.

Cooling system

The Cocinare device can keep as much as 210 g of ice cream cool and fresh for 5 hours, even on hot days when the temperature reaches

30°C. The product uses more than 400 g of special cooling liquid, ensuring reliable freezing. Now you can relax on your holiday trip and always have your favorite ice cream on hand!
