Take your music experience to the next level

Rediscover the magic of music with Joyroom. The headphones are equipped with 14.2 mm drivers that guarantee high quality sound. So you can enjoy crystal-clear Hi-Fi sound and powerful, deep bass that will emphasise the best in your favourite songs.

Talk freely on the phone

Now you can talk on the phone with ease, no matter where you are. The Joyroom JR-EC03 headphones have a high-sensitivity built-in microphone that will reliably record your voice. Are you on a crowded bus and someone calls you? Or maybe you're just shopping at the mall? No problem - you can be sure that your callers will hear everything you have to say.

Convenient operation

The JR-EC03 has a 3-button remote control integrated into the cable for easy operation. You can freely adjust the volume, answer / hang

up calls, as well as switch songs or manage your music player by simply clicking the dedicated button a certain number of times. Check out how convenient it is!

Comfortable to use

Enjoy your music for hours without worrying about discomfort or uncomfortable ear pain. The lightweight and comfortable design of the headphones will give you the comfort you dream of. The cable is made of durable TPE material, which is more than durable enough to last you a long time.
