Joyroom JR-EC04 Wired Earphones, USB C (Silver)

Joyroom wired in-ear headphones JR-EC04 (silver)

Experience how good your favourite songs can sound. The Joyroom JR-EC04 in-ear headphones feature 10mm drivers that are responsible for great sound quality. The built-in microphone allows you to make phone calls and the integrated remote control will give you quick access to the headphones' functions. The ergonomic design of the headphones guarantees dreamlike comfort. They also stand out for their wide compatibility thanks to the USB-C connector.

Rediscover the magic of music

Take your musical experience to a new level. The headphones feature 10-millimetre drivers for stunning sound quality. Crystal-clear Hi-Fi sound, rich detail and enhanced bass all make your favourite songs sound even better!

Built-in remote control

Now you have all the most important functions at your fingertips. The remote control integrated into the cable makes it easy for you to operate the headphones. You can conveniently adjust the volume, choose from the songs you want to play, and manage your calls and music player. No need to reach for your phone - it's that easy!

Made for your convenience

With Joyroom, you can freely listen to your favourite tracks for hours without feeling tired or uncomfortable. The headphones mould

perfectly to the shape of your ear without any uncomfortable pressure. They are also extremely lightweight at only 15g. The cable is made of TPE material, which has impressive durability. So you can be sure that your Joyroom headphones will last for a long time.

Talk on the phone in comfort

Conveniently make phone calls wherever you are. The JR-EC04 has a built-in microphone that will accurately record your every word. So you can be sure that your callers will hear everything you have to say without any problem.
