Smartwatch Joyroom JR-FT6 Fit-Life (Black)

Joyroom JR-FT6 Fit-Life Smartwatch (black)

Take care of your health, read notifications and make/receive calls. The Joyroom JR-FT6 smartwatch offers a range of useful features, making it perfect for everyday use. The 1.85" color display provides convenient access to information, and the IP68 water resistance ensures durability.

Answer and make calls

The Joyroom JR-FT6 smartwatch lets you answer incoming calls, so you no longer have to reach for your smartphone to do so. What's more, it offers access to your contacts, allowing you to make calls directly from the smartwatch.

Convenient access to notifications

The Joyroom JR-FT6 smartwatch is equipped with a large 1.85" display that provides HD quality images. This allows you to conveniently read notifications and use features such as the weather forecast, music player, voice assistant, or take photos remotely. What's more, you can use the "find phone" function when you forget where you put it down.

Will let you take care of your health and fitness

The Joyroom JR-FT6 smart watch accurately monitors your blood pressure, heart rate, saturation and stress levels 24 hours a day. This allows you to stay up to date and react quickly to alarming symptoms. In addition, it offers more than 107 sports modes, for example, swimming, cycling, basketball and badminton.

Long running time - convenient charging

Don't worry about your smartwatch's battery draining too quickly. The device uses a smart AI algorithm and is equipped with a 300 mAh battery. As a result, the watch works for up to 7 days on a single charge. Charging is facilitated by a magnetic cable, which you will find in the kit. After about 2 hours, the Joyroom JR-FT6 will be ready for further use.
