OneOdio ProGD Headphones

Deliver the immersion level of your dreams and experience unforgettable emotions. The OneOdio ProGD headphones deliver high-quality 3D surround sound and feature a detachable microphone so you can talk freely with other players. They are also extremely lightweight, comfortable and durable. They are also distinguished by wide compatibility and a remote control integrated into the cable, which makes them much easier to use.

Immerse yourself in the gameplay

Give yourself an unforgettable experience. With OneOdio in your own room you will feel like you are in the center of exciting events! ProGD headphones are equipped with 50-millimeter drivers to deliver stunning 3D surround sound. Enjoy incredible immersion, immerse yourself in the gameplay and claim another great victory!

Noise-canceling microphone

Talk to your friends on Discord, and freely exchange remarks with other team members during online gameplay. The headphones are equipped with a unidirectional microphone that will perfectly record your voice, while reducing unnecessary background noise So you can be sure that everyone will hear you perfectly! You can also freely adjust its tilt and rotate it 360°. If you don't need the microphone temporarily, simply unplug it so that it doesn't bother you.

Designed for your comfort

Do you often spend long hours playing games? Take care of your comfort! The soft earcups of the headphones fit perfectly around your ears and provide unparalleled comfort. What's more, the adjustable headband will allow you to optimally adjust the ProGD to your needs. However, this is not the end of the conveniences. The included case and foldable design will make it much easier for you to transport the headphones.

Compatible with your devices

It doesn't matter what equipment you play most often - the headphones will provide you with fantastic sound quality in almost any situation. The ProGD model is compatible with a wide range of devices, including laptops, computers, smartphones, tablets and consoles such as XBOX One and PlayStation 4. Just plug them in and enjoy the gameplay!

Even more convenience

Get headphones that will serve you well for years to come. The ProGD model is made from premium materials such as aluminum, making it not only lightweight, but also very durable. You also get a remote control integrated into the cable, which allows you to conveniently adjust the volume, stop and resume playback, as well as turn the microphone on and off.
