### Oneodio Pro30 headphones

The Oneodio Pro30 are the ideal headphones for DJs and anyone professionally involved in music. Dual 50mm dynamic drivers are responsible for the high quality sound with powerful bass. The comfortable design of the headphones and the soft ear cups will keep you comfortable during prolonged use. They use Shareport technology and stand out for their wide compatibility thanks to 3.5 mm and 6.35 mm connectors.

### Crystal-clear sound

Listen to your music. The Pro30 headphones feature dual 50 mm dynamic drivers for high sound quality. So you can enjoy crystal clear and richly detailed sound, as well as deep bass. Now you can discover your favourite songs anew.

### More possibilities

Play music from your smartphone and listen together with your friends on your headphones! The headphones use Shareport technology, which allows you to share your music with others without the need for additional splitters. Simply use one of the ports on the headphones to connect the headphones together using the cable you'll find included. Check out how easy it is!

### Wide compatibility

You don't have to worry about compatibility issues anymore! The headphones are equipped with a 3.5 mm and 6.35 mm port, so you can easily connect them to most popular devices. You can easily connect them to tablets, smartphones, laptops, PS / Xbox consoles, as well as electric guitars and keyboards. What's more, you can freely connect 2 devices to them at the same time.

With convenience in mind

Listen to your favourite tunes for as long as you like without worrying about discomfort. The Pro30 features soft protein leather and memory foam earcups that mould perfectly to the shape of your ears, while providing the highest levels of comfort and noise isolation. Also noteworthy is the headphones' stylish design, which is sure to appeal to many a music enthusiast.
