Oneodio Pro10 headphones (black)

The Oneodio Pro10 headphones will give you the professional sound you deserve. They feature 50mm drivers, which are responsible for excellent sound quality and also meet Hi-Res Audio standards. The carefully thought-out design of the headphones guarantees unparalleled comfort even during long hours of use. The headphones are equipped with two connectors - 6.35 mm and 3.5 mm, which contributes to their wide compatibility. They also feature a Shareport function. The Pro10 model is an excellent choice for those who are professionally involved in music.

Sound that will delight you

Your favourite songs have never sounded better. The headphones are equipped with large 50-millimetre drivers that deliver high-resolution sound. As a result, you can enjoy crystal-clear, detail-saturated sound and deep, powerful bass.

Share your music with others

Now you can freely listen to music with your other half. The device uses innovative Shareport technology. What does this mean? You can conveniently connect several pairs of headphones to one device, without the need for additional splitters. Simply use one of the available ports and connect your headphones with each other using the included cable.

Convenient operation

Experience how easy the Pro10 headphones are to operate! The included 3.5 mm audio cable features an integrated remote control for easy operation. Use it to conveniently pause and resume playback, change songs, and answer, end or disconnect calls. What's more, it has a built-in microphone, so you can freely hold conversations with others.

Multiple uses

The Oneodio Pro10 headphones are designed for a variety of usage scenarios. They will work perfectly in professional applications. You will use them, among other things, when recording in a recording studio, mixing music or playing drums or guitar. You can also use them for everyday use. The headphones are equipped with 3.5 mm and 6.35 mm ports, so you can easily connect them to your smartphone, laptop, electric guitar or PS console.

Unparalleled comfort

Enjoy unparalleled comfort even when using the Oneodio Pro10 headphones for long periods of time. The headphones fit snugly around your ears, with no uncomfortable pressure or discomfort. The soft earcups are made of a tactile material, which will further enhance your comfort. In addition, you can freely swivel them by 90° and 180°. The adjustable headband allows you to adjust the headphones to your preference, and thanks to the foldable design you can easily fit them into your backpack or bag.
