Rockbros C29-BK bicycle bag

Rockbros C29-BK is an essential for every cyclist! The bag is lightweight, small and will easily fit under your saddle. Despite its size, it is extremely roomy and stands out for its solid workmanship and wear resistance. Its installation will not cause you the slightest problem, and thanks to two straps you will not have to worry about losing it while riding. The laminated zipper will protect your small items from every drop of rain, and safety will be ensured by reflectors arranged on the surface of the material. What's more, the bag is compatible with a light that you can buy and mount in the back of the product.

Practical pockets

The Rockbros C29-BK bag is surprisingly roomy for its size. Inside you will be able to fit all the necessary accessories such as phone, powerbank, keys, wallet, etc. All these items will be secured with a laminated zipper. There's also a small pocket for small items such as credit cards or ID, while at the bottom of the bag you'll find an elastic mesh that provides instant access to the items you put inside. Pack up your Rockbros bag and have everything at hand!
