### ZHIBAI QL1 lint remover

Soon your old, wrinkled clothes can look like new! The practical ZHIBAI QL1 lint remover will quickly and effectively remove wrinkles from clothes, bedding, blankets or plush toys. It is equipped with a powerful motor, and allows you to choose from 5 speed levels. The ergonomic cordless design guarantees comfort, while the durable battery provides a run time of up to 60 minutes.

### Impressive performance

The shaver is equipped with a high-end motor, which speed reaches 6500rpm. Thanks to this, it can easily handle even extremely stubborn lint. The steel blade and specially designed mesh with holes in 3 sizes allow you to effectively remove lint without damaging your clothes. With ZHIBAI you will restore your clothes to their former shine!

### Long working time

Free yourself from cables and enjoy freedom of movement. The ZHIBAI QL1 shaver is cordless - the durable battery means it can run for

up to 60 minutes on a full charge. That's enough to bring many clothes to order! Charging the device will only take about 2 hours. What's more, the USB-C interface allows you to charge the shaver not only with a regular charger, but also with a powerbank or laptop, for example.

#### Comfort of use

Find out that removing wrinkles from your clothes doesn't have to require much effort at all. The QL1 lint shaver is very simple and convenient to use. It offers 5 speed levels to choose from, so you can adjust it to your needs. You can empty the large waste container by pressing a button - no need to get your hands dirty. The elongated handle fits perfectly in your hand and makes it easy to maneuver the device, and the built-in indicator will provide you with information about the charging status.

#### Thoughtful design

Unsightly wrinkles visible on your clothes will no longer ruin your vacation or business trip. The QL1 shaver is lightweight and compact enough that you can easily pack it in your suitcase and take it with you on vacation. This will give you the ability to quickly remove lint wherever you are! The device also ensures safe use. If the blade guard is opened or loosened, the shaver will automatically stop working to protect you from injury.
