Dual-Mode Stylus Pen with Holder Joyroom JR-K12 (white)

Joyroom JR-K12 stylus (white).

Make drawing and writing on touchscreen hardware easy. The Joyroom stylus will provide you with smoothness and precision, so you can do precise work with it. You also don't have to worry about abruptly interrupting your work, as the stylus has a working time of up to 12 hours!

Comfort of use

The Joyroom stylus was created with comfort in mind, so it has up to two modes to choose from. It has also been equipped with an accidental touch prevention feature that will work on selected hardware models. In addition, to make it easier to transport with iPads, you can attach the stylus to the side of your device (it only works with the iPad Pro 11" and iPad Pro 12.9").

Precision and accuracy

The Joyroom stylus stands out for its excellent working precision, making it a perfect replacement for your finger. What's more, it shows increased sensitivity and a more accurate signal, so you don't have to worry about delays or interruptions.

Long working time

The Joyroom gadget is equipped with a 110 mA battery, which makes its working time as long as 12 hours! What's more, you'll charge it

in only about 90 minutes. To use it, you don't need to install any additional applications, just turn it on and it will be ready to use! In addition, to save energy, it will go into sleep mode after 30 minutes.

Great compatibility

You can use the Joyroom JR-K12 stylus on any hardware of your choice, as it is compatible with many touchscreen devices. What's more, it will work perfectly equally well on Apple-branded hardware and those with Android software. With Joyroom, you don't have to limit yourself!
