Maya RGB Joyroom Wireless Speaker JR-MS02 (black).

Do you want to create a unique atmosphere when meeting with friends, family or at parties? With the Joyroom JR-MS2 it will be possible! RGB backlighting that flashes to the rhythm of music will create a unique mood no matter what the occasion. In addition, this speaker can work continuously for as much as 6 hours! With Joyroom, you can forget about limitations.

High power

The Joyroom wireless speaker is distinguished by its high power output of up to 40 watts. The dual 92mm bass speakers with a metal diaphragm will surprise you with the stereo sound they produce. From today you can enjoy your favorite songs at their best!

Wireless connection

You can listen to music from the Joyroom speaker the way you like it best, as it is highly compatible. You can connect SD cards, AUX or USB flash drive to it. And that's not all! You can also use it to listen to music via Bluetooth 5.0. This connection will be fast and stable, plus the connection range is as much as 10 meters!

Exceptional effect

An unforgettable atmosphere while listening to music will provide you with RGB backlighting. You can customize it according to your

preferences and needs, as this equipment is equipped with up to 9 different light modes. What's more, these lights will flash to the rhythm of your favorite songs.

Comfort of use

The wireless speaker was created with comfort in mind, so its operation is very simple and intuitive. All the control buttons have been placed on top of the device to make its control even more convenient.

Large battery

What sets the Joyroom speaker apart is its large 2400 mAh battery. Thanks to it, this device can work continuously for as much as 6 hours! And you can enjoy the perfect sound of your favorite songs. In addition, if you do not use the speaker, it can go into standby mode, which can last up to 24 hours!

Waterproof

You don't have to worry about accidentally splashing the speaker, as it exhibits IPX5 water resistance. In addition, the Joyroom device has been protected by silicone seals to further protect it from external water splashes.
