Wireless Speaker 40W with RGB lights Joyroom JR-MW02

Wireless 40W speaker with RGB lighting Joyroom JR-MW02.

Looking for a speaker that will impress not only with its unique sound, but also with its appearance? With Joyroom JR-MW02 it will be possible! The astonishing sound power and colorful RGB backlighting will create an unforgettable atmosphere for any occasion. What's more, this speaker is distinguished by its large battery, which allows it to work for many hours.

Unforgettable experience

The 40-watt speaker will surprise you with stereo sound, which will be accentuated by flickering RGB lights. What's more, you can choose from up to 9 light modes, which you can easily adjust to your needs and preferences. Enjoy cinematic sound at home.

Wireless connection

With the Joyroom speaker, you can listen to music the way you like it best, as it has various connection options. You can use SD cards, a USB flash drive, AUX connection or wireless via Bluetooth 5.0. What's more, forget about intermittent transmissions. The wireless connection to the Joyroom speaker is fast and stable for up to 10 meters!

Waterproof

The Joyroom speaker was created with comfort in mind, so it exhibits IPX5 water resistance. What's more, it's also equipped with silicone

seals to further protect it from water splashes. You can use the speaker safely from today!

Large battery

What sets the Joyroom speaker apart is its large 2400 mAh battery. Thanks to it, the speaker can work for as long as 6 hours! What's more, don't worry when its power runs out, as you can easily recharge it in just about 4 hours!

Comfort of use

The Joyroom speaker is equipped with a convenient handle, which makes it easy to transport. In addition, this equipment will be durable and resistant, as it was created from durable material. Moreover, its control is very simple and easy. All the control buttons have been placed on top of the speaker to make you as comfortable as possible.
