Power Bank 15W 10000mAh Joyroom JR-T013 (black)

Ref: 6941237185143

Power Bank 15W 10000mAh Joyroom JR-T013 (black)

Charge up to 3 devices at once and don't wait too long until your smartphone or tablet is ready to go again. The Joyroom JR-T013 powerbank provides up to 15W of power and supports various fast charging standards. It is equipped with several ports and has a capacity of 10,000 mAh. The product also has a built-in LED screen that will provide you with information regarding its charging level.

### Fast charging

Forget about the endlessly dragging wait until your devices are ready to serve you again. The JR-T013 powerbank supports various fast charging standards, including PD3.0, QC3.0, AFC, FCP, SCP and PE. It also provides up to 15W of power. All this means that you can charge your equipment in much less time with its help!

### Capacity of 10,000 mAh

No more charging the powerbank after each use. The capacity of the JR-T013 is 10,000mAh - that's enough to renew the energy of an iPhone 13 about 2.2 times, a Samsung Galaxy S22 about 2.1 times, and AirPods Pro about 12.5 times. What's more, the product is equipped with a digital LED display so you can check its charging percentage at any time.

### Improved design

The JR-T013 powerbank is extremely lightweight and handy - it weighs only about 246g. You can easily fit it in your purse or backpack! So you can easily take it with you wherever you need it. The device also ensures the safety of use - it has received advanced protection against overcharging, short circuit and over-discharge.

#### Wide compatibility

Don't be afraid of compatibility problems. Using the powerbank, you can charge most models of smartphones and tablets from well-known manufacturers without any obstacles. With its help you can also renew the energy of your wireless headphones or smartwatch. The possibilities are really great - with Joyroom you will say goodbye to limitations!

#### Charge 3 devices simultaneously

With the help of the powerbank you can easily charge up to 3 devices at the same time. The product is equipped with 4 ports - a micro USB input port, a USB-C input/output port and 2 USB-A output ports. So, for example, you can plug your phone, tablet and wireless headphones into it at the same time! No longer do you have to wait for one piece of equipment to be ready for use before plugging in another.
