Looking for a versatile powerbank that can accompany you almost anywhere? Joyroom JR-W050 will be an excellent choice! It is extremely lightweight and compact with a capacity of 10,000 mAh. It is equipped with 2 ports (USB-A and USB-C), and also allows wireless charging. So you can use it to charge up to 3 devices simultaneously! It is also distinguished by a special stand / ring type holder.

Large capacity - fast charging

The capacity of the powerbank is 10,000 mAh - enough to use it even several times before you need to plug it in. The JR-W050 also supports standards such as PD3.0, QC3.0 and AFC. So you can charge your devices of choice in no time! What's more, the output power of the powerbank in the case of inductive charging reaches a maximum of 15W.

Charge 3 devices simultaneously

Need to charge more devices? Or maybe you want to share the powerbank with another person? No problem - the device supports inductive charging, in addition to offering 2 ports - USB-A and USB-C. Thanks to this, it allows you to charge up to 3 devices at the same time! With Joyroom, no one has to wait for their turn.

#### Convenience and security

You no longer have to wonder when to plug in the powerbank for charging. The JR-W050 is equipped with special LED indicators that will allow you to check the status of its battery at any time. The device also ensures the safety of use - it has a built-in smart chip and is protected against overcharging, overvoltage and overheating, among other things.

#### Lightweight and compact

The powerbank's great capabilities go hand in hand with its lightweight, portable design. The device weighs only about 213 g and is extremely compact - it fits easily in the palm of your hand. It won't even obstruct your smartphone's cameras during inductive charging - so you're free to take photos or videos at any time. This handy powerbank is perfect for traveling - you can easily fit it in your bag or backpack!

#### Convenient use of your phone

The powerbank will allow you to conveniently use your smartphone while charging wirelessly. It is equipped with high-quality magnets, which are distinguished by their high attracting power. Thanks to this, you don't have to worry that the phone placed on it will fall and be damaged! The device also offers a special ring-type holder, which will work great as a stand. Just place it on your desk and comfortably watch a movie!
