

### 3in1 Wireless Charging Station Joyroom JR-WQN01 (black)

Ref: 6956116721480

3in1 Wireless Charging Station Joyroom JR-WQN01 (black)

Joyroom 3in1 Wireless Charging Station JR-WQN01 (black)

Free yourself from unnecessary cables and enjoy a tidy desk. The Joyroom JR-WQN01 3-in-1 Wireless Charging Station allows you to inductively charge your smartphone, TWS headphones and Apple Watch at the same time. It will also work perfectly as a stand. It also features a foldable design and has been equipped with special holes for better heat dissipation.

Charge 3 devices simultaneously

You no longer need to use more cables and chargers. Now you only need one device! With the Joyroom station you can inductively charge your smartphone, wireless headphones and Apple Watch at the same time. This way you can easily keep your desk in order! In addition, the built-in magnets ensure that the devices placed on the charger will not slip off.

Multiple uses

Model JR-WQN01 will not only allow you to charge your devices, but will also work well as a stand. It is equipped with 2 magnets, which provide a lot of pulling power - so you don't have to worry about the phone placed on it falling and being damaged. What's more, you can easily position your smartphone horizontally or vertically - so you can comfortably watch a movie or participate in an online meeting.

Wide compatibility

The station is also distinguished by its wide compatibility. With its help you can easily charge various models of iPhones and other smartphones of well-known brands, for example, Samsung. The product also allows you to charge selected wireless headphones such as AirPods Pro and Galaxy Buds. The JR-WQN01 model is also compatible with Apple Watches.

#### Foldable design

The Joyroom JR-WQN01 charger features a foldable design, which makes it much easier to transport if necessary. When folded, it takes up so little space that you can easily fit it in your backpack or purse! What's more, you can freely adjust the tilt of the phone stand within 90°, and the tilt of the Apple Watch stand within 180°. Adjust the station to your needs and enjoy more comfort!

#### Even more convenient charging

The product provides power of up to 15 w, which means that you will charge your equipment in a very short time with its help. Information about the charging status will provide you with built-in light indicators. What's more, special holes allow efficient heat dissipation, so you don't have to worry about your devices getting excessively hot. You can also charge your smartphone in a case up to 3mm thick without any problems.
