

Cycling helmet for children Rockbros TT-ET2 (blue)

Cycling helmet for children Rockbros TT-ET2 (blue)

Ref: 5905316146518

Rockbros TT-ET2 bicycle helmet

Ensure your child's safety during bike rides. The Rockbros TT-ET2 bicycle helmet was made of durable materials and is adjustable, so you can adjust it to your individual needs. In addition, the colorful design will appeal to the youngest users.

Comfort and safety

The Rockbros TT-ET2 bicycle helmet is equipped with ventilation holes, which are responsible for optimal heat dissipation. In addition, the use of EPS foam ensures comfort and absorbs shocks. Special straps further enhance convenience of use, and you can detach and clean them. In turn, the PC shell is distinguished by its high hardness, effectively protecting your head from damage.

Tailored to the needs of the child

The knob on the back allows you to adjust the product to the size of the child's head, and a special locking zipper allows you to adjust the chin strap. It has been finished with a soft material that does not irritate the skin. You can also adjust the length of the straps so that the helmet sits firmly on the head, without the risk of slipping, which further increases the safety of use.
