Cycling pants Rockbros Size: L 204203310 03 (black)

Rockbros 204203310 03 Cycling pants (black)

Rockbros cycling pants will be suitable for seasons such as spring, autumn and winter. They were created from lightweight and cold-protective materials. They are fitted and reduce air resistance while cycling. Velcro fasteners located at the bottom of the legs allow you to adjust the closure, and zippered pockets allow you to store, for example, your smartphone or keys. In addition, they are wind and water-resistant, and reflective elements increase safety after dark.
