Cable 3w1 3.5A 1.2m Joyroom S-1T3015A5 (blue)

Joyroom USB 3-in-1 3.5A 1.2m cable S-1T3015A5 (blue).

Get the ability to quickly charge up to 3 devices simultaneously. The Joyroom S-1T3015A5 USB cable is equipped with 3 connectors - USB-C, Lightning and micro USB. This allows you to charge, for example, an iPhone, a Samsung phone and a wireless lamp at the same time. It offers a total amperage of up to 3.5 A, and is also extremely durable and ensures safe use.

Can connect 3 devices at the same time

Charge all the devices you need at the same time, or share the cable with loved ones so they too can plug in their smartphones for charging. The S-1T3015A offers up to 3 connectors - USB-C, micro USB and Lightning. So you can charge up to 3 pieces of equipment at the same time - for example, an iPhone, a Xiaomi smartphone and a desk fan. The cable also allows you to transfer files at speeds of up to 480 Mbps (only on the Lightning connector).

Performance and security

To ensure that your devices not only charge quickly, but also safely, each connector on the cable is equipped with a smart chip that is responsible for keeping the temperature at an optimal level and protecting your equipment from damage. It also ensures that you don't have to worry about the cable overheating.

Fast charging

Experience how little time it takes for your devices to be fully charged. The Joyroom S-1T3015A5 cable allows you to quickly charge your smartphones, tablets or powerbanks at the same time. It provides a total current of up to 3.5 amps. On the other hand, when using a single cable, the current is up to 2.4 A.

Impressive durability

The cable is equipped with a nylon braid, making it extremely flexible, durable, as well as resistant to damage and wear. It is also not intimidated by bending - its most sensitive areas have received extra protection. What's more, the copper cable guarantees greater stability and charging speed, and the gold-plated connectors feature exceptional durability and low susceptibility to oxidation.
