

Cable USB-A Type-C 1.2m Joyroom S-AC066A4 (black)

Ref: 6956116725808

Cable USB-A Type-C 1.2m Joyroom S-AC066A4 (black)

Joyroom S-AC066A4 USB to USB-A Type C 1.2m cable (black).

Charge your smartphone in the blink of an eye! The Joyroom cable offers charging at up to 66W and data transfer at up to 480 Mbps. It ensures safe use, and stands out for its wide compatibility. In addition, it features a small display that indicates the charging power.

Enjoy fast charging

You no longer have to wait indefinitely for your device to be ready for use again. The Joyroom cable allows you to renew energy with up to 66 watts of power. This means it won't take you long to charge your smartphone or tablet. What's more, the cable allows data transmission at speeds of up to 480 Mbps.

With attention to detail

The cable is equipped with a small display that provides real-time information about the charging power. High-quality materials were used in its construction, which are characterized by high durability. The nylon braid makes the cable extremely flexible and is not intimidated by repeated bending or pulling. So you don't have to worry about breakage!

For the sake of safety

Put the safety of your equipment first! The Joyroom cable is equipped with a smart chip that automatically adjusts the charging

parameters to the connected device. It also effectively protects against overheating and overcharging. The gold-plated connector ensures reliable signal transmission and has a low susceptibility to oxidation.

- Manufacturer
- Joyroom
