Joyroom S-CC100A11 USB-C 100W 2m cable (white)

The Joyroom S-CC100A11 cable supports the PD 100W fast charging protocol, allowing you to renew your device's power in no time. What's more, you can use it to transfer files at 480 Mbps. In addition, the durable construction extends the product's life.

Device charging and data transfer

The Joyroom S-CC100A11 uses the 100W Power Delivery fast charging protocol, so you can charge your MacBook Pro in about 1.8 hours and your Samsung S22 to 55% in about 30 minutes. In addition, it allows you to transfer photos, videos, presentations and other important files at 480 Mbps.

Thoughtful design

The product is finished with a nylon braid, making it resistant to wear and damage. What's more, it prevents the device from overheating, thus prolonging its life. In addition, thanks to its length of 2 meters, it will prove useful in situations where the outlet is a little further away.
