Joyroom S-CL020A10 (black) USB Lightning Type C 20W 2m cable

The USB-C to Lightning cable supports PD 20W fast charging protocol and allows you to transfer files at 480 Mbps. It was created with durable materials, so it will last you a long time. In addition, the LED indicator will make it easy to locate your charged device after dark.

Charging and data transmission

The cable supports the PD 20W fast charging protocol, so it will charge your iPhone 14 Pro up to 65% in about 30 minutes. In addition, it allows you to transfer files at 480 Mbps at the same time.

Durable design

The product is finished with a nylon braid, making it resistant to wear and tear. The end of the cable is additionally reinforced, which protects it from cracking, and the aluminum alloy connector securely grips the port and will not fall out over time.
