Wireless Bluetooth Earphones TWS Pisen LS03JL (white)

TWS Pisen LS03JL Wireless Headphones (white)

TWS Pisen LS03JL wireless headphones provide HiFi sound and a stable Bluetooth connection. What's more, they reduce ambient noise and stand out for their long operating time. On the other hand, touch panels are responsible for convenient operation.

Impressive sound quality

13-millimeter drivers combined with a composite diaphragm translate into richly detailed sound and vocal emphasis. As a result, you can enjoy an even more immersive experience.

Stable connection without lag

The Pisen LS03JL headphones connect to a compatible device via Bluetooth version 5.0, providing a stable connection for up to 10 meters. What's more, you don't have to worry about interference - the headphones provide great audio and video synchronization. This translates into an even better experience when watching movies and playing games. Plus, each headphone connects independently to your device, so you can use just one and share music with a loved one.

Lightweight and comfortable

Use the headphones for long periods of time and don't worry about feeling tired or uncomfortable. The Pisen LS03JL are distinguished by

their lightweight design - each headphone weighs 3.5 grams, so you'll hardly feel you're wearing them. What's more, the ergonomic and snug-fitting design translates into long-lasting comfort - you also don't have to worry about the headphones falling out of your ears, and you can successfully take them to your workout.

Long working time

Are you just on a workout and worried that the headphones will discharge at the least opportune moment? Don't be! Together with the charging case they can work for up to 70 h, and in standby mode they remain for about 400 h. What's more, after 2 h of charging they will be ready to continue working.

Make calls on the phone

Say goodbye to annoying ambient noise. Pisen LS03JL headphones are equipped with noise-canceling microphones, so you can focus on your conversation and forget about outside noise. As a result, you can comfortably talk on the phone no matter where you are.

Intuitive operation

Operating the headphones won't be a problem for you - each is equipped with a touch panel, with which you can customize the operation of the Pisen LS03JL. Conveniently stop/resume playback and use the voice assistant. No more need to reach for your smartphone!

Thoughtful design

You can successfully take the Pisen LS03JL headphones to your workout - they are IP54 splash-proof. In addition, they are distinguished by a minimalist and stylish design, so they will fit almost everyone.
