

## Wall Charger Pisen 20W PD (white)

Wall Charger Pisen 20W PD (white)

Ref: 6902957070119

Pisen 20W PD mains charger (white)

The Pisen mains charger features a USB-C port, so it works perfectly with most popular devices. It offers 20W charging and supports QC3.0 and PD fast charging protocols, so renewing your smartphone's power will take a few moments. Multi-level protection ensures safe use, and the small, portable design means you can take it with you anywhere.

**Fast charging technology**

Enjoy fast charging! The Pisen charger offers charging with up to 20 watts of power. It also supports Quick Charge 3.0 and Power Delivery fast charging standards. This allows you to charge your smartphone up to 50% in just 30 minutes. What's more, the smart chip reduces the charging power when the charge level of your device reaches 80% - so you can be sure that your equipment will not be damaged!

**Wide compatibility**

The charger stands out for its wide compatibility - now you only need one charger to renew the energy in different devices. It is perfect for charging Samsung and Apple smartphones, iPad, smartwatch and wireless headphones. You will use it both at home and in the office or when travelling.

**For the sake of security**

Worried about the safety of your device while charging? Don't be! The built-in intelligent chip provides effective protection for your device against damage and also adjusts the appropriate charging parameters to the connected equipment. Amongst other things, it protects against overload, overvoltage, overcharging or overheating.
