

## Adapter USB male-female Type-C (2 pieces) Joyroom S-H152 (bl)

Ref: 6941237149121

Adapter USB male-female Type-C (2 pieces) Joyroom S-H152 (black)

Joyroom S-H152 USB/USB-C Adapter (2 pcs)

Increase the range of capabilities of your equipment with Joyroom's USB to USB-C adapters. The S-H152 are widely compatible, support OTG functionality, enable charging and work on the USB3.0 standard, allowing data transfer at 5 Gbps. You will find two pieces of the product included.

Wide compatibility

The Joyroom adapters feature USB and USB-C connectors, making them highly versatile. You will successfully connect the USB connector to a USB drive, keyboard, gaming console, camera and USB hub, among others. The USB-C connector, on the other hand, will work well for phones, tablets, notebooks, PD charging adapters and PD car chargers. The possibilities don't end there!

Many possibilities

You don't have to worry about installing additional software. S-H152 adapters support OTG function, so you can connect additional accessories such as a mouse, keyboard or hard drive to your smartphone or tablet. With their help, you will not only renew the energy of compatible devices, but also transfer files at speeds of up to 5 Gbps. With S-H152 you will forget what waiting is! Enjoy high transmission speed and stable signal in any situation.

### Robust construction

Joyroom products are made of sturdy materials that are resistant to scratches and marks of use, such as zinc alloy. What's more, the S-H152 models effectively distribute heat, so you don't have to worry about your equipment overheating.
