

Digital Audio Adapter to USB-C 3.5mm Joyroom SH-C1 (black)

Ref: 6941237103369

Digital Audio Adapter to USB-C 3.5mm Joyroom SH-C1 (black)

Joyroom SH-C1 USB-C to 3.5mm digital audio adapter (black)

The USB-C to mini Jack 3.5mm audio adapter by Joyroom will allow you to conveniently connect your headphones to your phone, tablet or laptop and enjoy your favorite songs. It is made of high-grade, environmentally friendly materials and supports plug & play.

High-quality sound

Have the Joyroom adapter always at hand and delight in the crystal clear sound of your favorite songs. The SH-C1 is equipped with USB-C and 3.5mm mini jack connectors, making it widely compatible. With Plug & Play support, you can enjoy its features without installing additional software. Note: For iPhone 15 series, the product only supports music/video - it does not support calls or button controls.

Refined design

The compact size of the adapter allows for convenient transportation. You can easily fit it in a small purse or even a pocket. The product has a built-in chip that guarantees high sound quality. The cable is made of durable TPE material, which is resistant to damage. All this means that the SH-C1 will serve you well for a long time.
