Magnetic charger for Apple iWatch 1.2m Joyroom S-IW001S (white)

Magnetic charging cable for iWatch 1.2m Joyroom S-IW001S (white)

Renew your iWatch's power with the magnetic cable from Joyroom. The product is compatible with 1/2/3/4/9/Ultra 2/SE series iWatches and features impressive magnetic strength. In addition, the S-IW001S intelligently controls the temperature, so you don't have to worry about overheating your device.

Fast charging

With the S-IW001S, you will inductively charge your watch in just about 2 hours. The product will be perfect for 1/2/3/4/9/Ultra 2/SE series iWatches, and is distinguished by its impressive magnetic force of 2500N, so you only need to hold the connector near the back of the watch to start renewing energy.

Robust construction

The S-IW001S is made of wear-resistant stainless steel, making it highly durable. What's more, thanks to a smart chip, you can rest assured that the charging process is completely safe.
