Cable for USB-A / Lightning / 2.4A / 1.2m Joyroom S-UL012A10 (black)

Enjoy faster charging for your iPhone. Joyroom's USB-A to Lightning cable provides up to 2.4A, so it can renew the power of your selected devices in no time. It also allows you to transfer files at speeds of up to 480 Mbps. At the same time, the product is highly durable and resistant to damage.

Even faster charging

Charge your iPhone in even less time. The Joyroom cable delivers up to 2.4 A, which translates into impressive charging performance. What does this mean in practice? For example, it only takes about 40 minutes to charge an iPhone 14 to 60%!

High durability

You don't have to worry about the cable quickly refusing to serve you. The product is very durable and resistant to bending, pulling or even breaking. In addition, the nylon braid further protects it from damage and wear. You will also find a practical Velcro fastener for easy storage and transportation of the cable.

Fast file transfer

With the Joyroom S-UL012A10 cable you can not only quickly charge your phone, but also transfer files between devices. The product

provides transmission speeds of up to 480 Mbps - this means you won't have to wait too long for the photos or videos you need to reach their destination!
