

Cable to USB-A / Lightning / 2.4A / 0.25m Joyroom S-UL012A9

Ref: 6956116733384

Cable to USB-A / Lightning / 2.4A / 0.25m Joyroom S-UL012A9 (black)

Cable for USB-A / Lightning / 2.4A / 0.25m Joyroom S-UL012A9 (black)

Protect your phone's battery and provide secure QC charging. The USB-A to Lightning cable allows you to replenish power with 20 watts of power and enables high-speed data transmission. The smart chip makes it possible for your phone to charge in a short period of time, so it won't overheat, and the cable's sturdy construction significantly extends its life.

Instant charging

The cable supports fast charging and feeds energy with 20 watts of power. The process of replenishing energy takes significantly less time, so your phone's battery won't overheat and thus won't wear out too quickly. The built-in chip significantly improves charging performance - it only takes 30 minutes for the iPhone 13 Pro's battery to reach 65%!

Robust design

The cable is made of flexible PVC, so it stands out for its extraordinary durability and wear resistance. Its ends have been reinforced and will withstand bending, pulling and other accidental behavior, so it will successfully serve you for a long time. What's more, the metal connectors have been improved, so you don't have to worry about them refusing to serve you and stop charging your iPhone.
