Easy copying

Orico is a mobile base for copying hard drives. The new ORICO 6648US3-C cloning technology copies huge data without having to connect to a computer, thus improving performance and security without affecting work.

Sleep mode

After automatic sleep, the hard drives stop working, which significantly reduces wear and tear and saves power.

Incredible speed

6648US3-C adapts the USB3.0 to SATA3.0 bridging program with a transfer rate of up to 5 Gb / s, which significantly saves your time.

The highest quality

The simple yet elegant ABS housing fits perfectly into your device; the anti-slip mats at the bottom increase stability.

Plug&Play

Install the hard disk or SSD without any tools.

Safely

Built-in short-circuit protection for more secure data transfer.
