USB Cable HDMI-HDMI / 4K 60Hz / 2m Joyroom SY-20H1 (gray)

USB to HDMI-HDMI / 4K 60Hz / 2m Joyroom SY-20H1 cable (gray)

The cable allows stable transmission of audio and video in 4K quality. The product is distinguished by its robust design and is made of high-quality aluminum. It is durable and, thanks to the use of an additional nylon braid, resistant to pulling, twisting and bending. The use of gold on the HDMI connectors ensures a stable signal and perfect synchronization of video and audio. The cable is compatible with most HDMI-enabled devices and is sure to serve you for a long time. Play dynamic games, watch movies on the big screen and enjoy excellent picture quality!

Reliable performance

The Joyroom SY-20H1 provides data transmission speeds of 18 Gbps and supports 4K images and Dolby True HD audio, so you'll get clear, noise-free images along with excellent sound quality, with no lag or distortion. With Joyroom, cinema in your home is at your fingertips!
