### Foneng BL08L TWS Wireless Headphones (White)

Foneng's BL08L are wireless headphones designed with comfort and functionality in mind. They are equipped with a large battery that guarantees a battery life of up to 4.5 hours. What's more, thanks to their compact size, you'll be able to fit them into your trouser pocket and take them with you on every journey.

### Stable connection

Foneng headphones are supported by Bluetooth 5.0 technology, so you can forget about constant disconnection or weak signal. The connection will be stable and guarantee clear sound.

### Comfortable to use

The headphones also feature a compact size, allowing you to carry them easily in your pocket or backpack. What's more, the touch control allows you to play and stop music, answer calls and activate the voice assistant without having to take your phone out of your pocket. This makes using the BL08L headphones even more convenient.

### Built to talk

The BL08L are not only perfect for listening to music, but also for making phone calls. They are equipped with passive noise cancellation,

so they guarantee clear sound quality during calls. This ensures that your caller will hear every word you say, even in a crowded station or shopping centre.

#### Large battery

The Foneng headphones are equipped with a large 250 mAh battery that allows for 4.5 hours of use on a single charge. What's more, you can easily check their charge level. All this makes the BL08L the ideal solution for those who value convenience and functionality in their daily headphone use
