Foneng BL30 wireless neckband headphones (black)

The Foneng BL30 wireless headphones will be a great choice for people with active lifestyles and sports of all kinds. They are extremely lightweight and comfortable, and with Bluetooth 5.0 technology, they provide a reliable connection. They also allow you to play music from a TF card. They are also distinguished by a working time of up to 10 hours.

2 playback options

Forget about signal problems. Bluetooth 5.0 provides fast and stable transmission, greater resistance to interference and lower power consumption. All this translates into reliable wireless operation of the headphones! What's more, the BL30 allows you to play music from a TF card.

With your convenience in mind

Listen to music during your workouts and enjoy comfort. Thanks to silicone elastics, the headphones fit perfectly in the ears and do not fall out of them, nor do they exert unpleasant pressure. At the same time, they are very light and comfortable to use. They also have built-in magnets that make them easy to store and prevent them from getting tangled.

Long working time

Don't worry that the headphones will drain too quickly and prevent you from listening to music during your workout. The BL30 is equipped with a durable 130 mAh battery. This allows it to work for up to 10 hours on a single charge, and lasts up to 1,800 hours in standby mode.

High quality sound

Enjoy high quality sound. The headphones provide natural, clear sound - both when you're listening to music and when you're talking on the phone. In addition, the built-in microphone will register your voice perfectly. The BL30 is also compatible with the Siri intelligent assistant.
