

USB to Lightning cable LDNIO LS542, 2.1A, 2m (white)

Ref: 5905316143753

USB to Lightning cable LDNIO LS542, 2.1A, 2m (white)

LDNIO LS542 USB to Lightning cable, 2.1A, 2m (white)

Now you can charge your devices with Lightning interface in even less time. The LDNIO LS542 cable provides a charging current of up to 2.1 A and allows you to transfer files quickly. It also guarantees safe use and is very robust. It has a length of 2 m, so you can comfortably use the devices connected to it.

Resistant to damage

Thanks to its durable sheath made of environmentally-friendly plastic, the LS542 is extremely strong, flexible and resistant to damage. Even pulling and bending will not frighten it! It is also distinguished by its low susceptibility to wear and tear and will not tangle. In addition, its most sensitive parts are additionally protected.

Fast and safe charging

Don't waste time waiting for a long time for your devices to be ready for use. The cable offers a charging current of up to 2.1 A, which means it can renew the energy of your iPhone or iPad in no time. The LS542 also has a built-in smart chip that protects the battery of the connected device from damage.
