Foneng EP100 In-Ear Headphones (black)

The Foneng EP100 in-ear headphones produce richly detailed sound and HD conversations. They provide comfort thanks to their thoughtful design, and a switch integrated into the cable allows for convenient operation.

High quality sound

Enjoy your favorite tunes in a new way. Foneng EP100 in-ear headphones are equipped with dynamic drivers with a diameter of 14.2 mm. As a result, you can enjoy richly detailed sound.

Comfortable

Don't be afraid of discomfort when using the Foneng EP100. The headphones feature an ergonomic design for long-lasting comfort. Plus, they won't fall out of your ears, for even greater freedom of use.
