

Wired Earbuds XO S31 (White)

Wired Earbuds XO S31 (White)

Ref: 6920680897063

XO S31 in-ear, wired headphones (white)

Wired headphones by XO will allow you to experience your favorite songs anew. The S31 model is equipped with 10-millimeter drivers that will make you feel like you're in a concert hall anywhere. The equipment provides noise reduction and reliable transmission, and the ergonomic design makes it extremely comfortable to use. It is compatible with devices equipped with a 3.5mm port.

High-quality sound

When designing the S31, the focus was on maintaining a surround sound effect, so you'll get the impression that sounds are coming at you from all sides. The XO headphones are equipped with 10-millimeter drivers that will take your musical experience to a new level. You'll delight in clear sound, rich detail and deep, powerful bass.

Hassle-free conversations

Thanks to the fact that the S31 guarantees noise cancellation, you'll be able to make unobstructed phone calls, even in crowded places like shopping malls and train stations. The headphones also have a microphone that will accurately register your voice. You can be sure that unnecessary sounds will not distract you, and your caller will always hear you.

Integrated remote control

Convenient operation is made possible by the remote control integrated into the headphone cable. Use it to efficiently adjust the volume, pause or resume playback, start the next song, and answer or reject an incoming call. No more need to reach into your pocket for your smartphone!

Comfort of use

The XO headphones fit perfectly in your ears without causing any discomfort. So you can listen to your favorite songs, watch movies and make phone calls for as long as you like!
