

Gaming headphones Dareu EH732 USB RGB (yellow)

Ref: 6950589911782

Gaming headphones Dareu EH732 USB RGB (yellow)

Dareu EH732 USB RGB gaming headphones (yellow)

The Dareu EH732 gaming headphones stand out not only for their excellent sound, but also for their stylish design. They offer 7.1 surround sound and attract attention with RGB backlighting. In addition, the included microphone allows you to communicate with other players.

High quality sound and conversation

The Dareu EH732 headphones feature a 50mm driver, which guarantees high sound quality. The headphones also offer ENC noise cancellation, which minimizes ambient sounds. In addition, the built-in microphone with 42 dB sensitivity allows you to communicate freely with other players.

Comfortable

The Dareu EH732 gaming headphones are very comfortable to wear. Their weight does not exceed 270 g, which translates into long-term comfort. In addition, the long 2.4-meter USB cable provides plenty of freedom of movement during use. Meanwhile, the RGB backlighting gives the headphones a stylish look.
